RE: EPA I.D. NO.: KSD000203638

Dear Madsen:

I have made the tentative decision to issue a Resource Conservation and Recovery Act (RCRA) permit to the Olin Water Services, Olin Corporation. Enclosed for your information is a copy of the Public Notice, Draft Permit and Fact Sheet on this decision.

You are invited to submit written comments and/or request a public hearing during the public comment period which begins on September 26, 1984. The public notice is to be published in the Kansas City Kansan and broadcast over radio stations KFKF (AM) and (FM) on September 26, 1984. Procedures for public comment can be found in 40 CFR 124.11 - 124.13. The public comment period expires on November 13, 1984.

In accordance with 40 CFR 124.15 the Regional Administrator shall issue a final permit decision. As you are aware, the State of Kansas has not received Phase II Interim Authorization or Final Authorization to run the RCRA program in lieu of the Environmental Protection Agency (EPA). Therefore, as indicated in the joint public notice, both EPA and the Kansas Department of Health and Environment (KDHE) will make a final permit decision.

We appreciate your assistance in providing information during the permit review process. Any questions on this letter should be directed to Richard Ferguson or Karen Flournoy at (816) 374-6531.

Sincerely yours,

A handwritten signature in cursive script that reads "William A. Sprath".
